

LIST OF ENTRANCE TESTS

for the courses of training in Bachelor's degree and Specialist's programs

of the higher education

FSBEI HE "BrSU" "Bratsk State University"

Training course	Name of training course (specialty)	Name of a profile	List of entrance tests
Natural Science Faculty			
01.03.02	Applied mathematics and information science	Software engineering	Russian Mathematics (profile) ² Informatics
05.03.06	Ecology and environmental management	Ecology	Russian Geography Mathematics (profile)
09.03.02	Information systems and technologies	Information systems and technologies	Russian Mathematics (profile) Information science
Humanitarian and Pedagogical Faculty			
44.03.01	Pedagogical education	Law	Russian Social science Mathematics (profile)
		History	Russian Social science History
44.03.02	Psychology and pedagogical education	Education psychology	Russian Biology Mathematics (profile)
44.05.01	Pedagogics and psychology of deviant behavior (Specialist's program)		Russian Social science Mathematics (profile)
Faculty of Economy and Management			
38.03.01	Economy	Finance and credit	Russian Mathematics (profile) Social science
38.03.02	Management	Production management	Russian Mathematics (profile) Social science
		Information management	
		Public and municipal administration	
38.03.03	Personnel management	Personnel management of	Russian

Training course	Name of training course (specialty)	Name of a profile	List of entrance tests
		the organization	Mathematics (profile) Social science
27.03.05	Innovatics (applied bachelor degree)	Innovation management	Russian Mathematics (profile) Information science
09.03.03	Applied information science	Applied information science in economy	Russian Mathematics (profile) Information science
Faculty of Power Engineering and Automation			
13.03.01	Heat-and-power engineering and heat engineering	Industrial heat-and-power engineering	Russian Mathematics (profile) Physics
13.03.02	Power industry and electrical equipment	Power supply	Russian Mathematics (profile) Physics
11.03.02	Info communication technologies and systems and communications	Multichannel telecommunication systems	Russian Mathematics (profile) Physics
27.03.04	Control in technical systems	Control and information science in technical systems	Russian Mathematics (profile) Physics
Timber Industry Faculty			
15.03.02	Technological machines and equipment (applied bachelor degree)	Machines and equipment of a forest complex	Russian Mathematics (profile) Physics
35.03.02	Technology of logging and wood processing productions (applied bachelor degree)	Technologies and design of furniture	
35.03.01	Forest business (applied bachelor degree)	Forest business	Russian Mathematics (profile) Biology
Mechanical Faculty			
15.03.05	Design-engineering provision of machine-building productions (applied bachelor degree)	Technology of mechanical engineering	Russian Mathematics (profile) Physics
23.03.02	Land transport and technological complexes	Lifting-and-shifting road construction machines and equipment	
23.03.03	Operation of transport technological machines and complexes (applied bachelor degree)	Cars and automobile economy	
Construction Engineering Faculty			
08.03.01	Construction	Industrial and civil engineering	Russian Mathematics (profile) Physics
	Construction (applied bachelor degree)	Production and application of	

Training course	Name of training course (specialty)	Name of a profile	List of entrance tests
		construction materials, products and constructions	
Correspondence and Intensive Training Faculty			
08.03.01	Construction	Industrial and civil engineering	Russian Mathematics (profile) Physics
		Examination and real estate administration	
09.03.03	Applied information science	Applied information science in economy	Russian Mathematics (profile) Information science
13.03.01	Heat-and-power engineering and heat engineering	Industrial heat-and-power engineering	Russian Mathematics (profile) Physics
13.03.02	Power industry and electrical equipment	Power supply of the enterprises	Russian Mathematics (profile) Physics
15.03.02	Technological machines and equipment	Machines and equipment of a forest complex	Russian Mathematics (profile) Physics
23.03.02	Land transport and technological complexes	Lifting-and-shifting road construction machines and equipment	Russian Mathematics (profile) Physics
23.03.03	Operation of transport technological machines and complexes	Cars and automobile economy	Russian Mathematics (profile) Physics
23.05.01	Land transport and technological vehicles (Specialist's program)		Russian Mathematics (profile) Physics
27.03.04	Control in technical systems	Control and information science in technical systems	Russian Mathematics (profile) Physics
35.03.01	Forest business	Forest business	Russian Mathematics (profile) Biology
35.03.02	Technology of logging and wood processing productions	Forest engineering	Russian Mathematics (profile) Physics
		Technology of a woodworking	
38.03.01	Economy	Finance and credit	Russian Mathematics (profile) Social science
38.03.02	Management	Production management	
		Information management	
		Public and municipal administration	
38.03.03	Personnel management	Personnel management of	

Training course	Name of training course (specialty)	Name of a profile	List of entrance tests
		the organization	
44.03.01	Pedagogical education	Preschool education	Russian Mathematics (profile) Social science
		Law	Russian Mathematics (profile) Social science
44.03.02	Psychology and pedagogical education	Education psychology	Russian Mathematics (profile) Biology

¹ – first obligatory examination

² – second obligatory examination

³ – examination for the choice of FSBEI HE "BrSU"
